CUSTOMER QUERY: What are the pricing plans available for your software?
=====

Intent classified as : Sales
Approval required?   : False
FINAL RESPONSE:
We have three main pricing plans: Starter, Pro, and Enterprise. The details of each plan can be found in our Pricing Guide.

The Starter Plan is ideal for small businesses and startups, priced at $29 per user/month (billed monthly) or $290 per user/year (billed annually with 2 months free). This plan includes core business management features, up to 5 users, 10GB storage, and email support.

For more information on our Pro and Enterprise plans, including their pricing and feature sets, I'd be happy to provide you with a detailed overview. Please let me know if you have any specific requirements or needs that might help me recommend the best plan for your business.

Here's a polished version of the response:

Dear [Customer],

I'm here to assist you in resolving the issue with your application crashing during file uploads. To better understand the problem, I'd like to explore some potential causes based on our technical manual.

Could you please confirm that the file size is within our supported limit of 2GB? If it's larger than this, try uploading smaller files or splitting the large file into multiple parts. Additionally, ensure that your file format is one of the following: .csv, .xlsx, .pdf, or .docx.

It's also possible that a corrupted local cache might be causing the issue. You can try clearing the application cache from Settings > Storage > Clear Cache to see if this resolves the problem.

Before we proceed further, could you please confirm:

* The file size and format are within our supported limits?
* You've tried clearing the application cache as mentioned above?

If none of these steps resolve the issue, I'll guide you on how to collect the crash log from Settings > Diagnostics > Export Logs so we can further investigate.

Please feel free to provide any additional information or context that might help us troubleshoot this issue.

Customer query : I need a refund for my annual subscription.
Intent          : Billing
Draft response  : Thank you for reaching out to us about your request for a refund. I'd be happy to help.

According to our Refund Policy, customers can request a refund within 30 days of purchase if they're not satisfied with the product. Since you have an annual subscription, we'll process the refund on a pro-rata basis after deducting the number of months already used.

To proceed with your request, I just need some additional information from you:

* Your order number or subscription ID
* The reason for requesting a refund (this will help us understand your concerns)

Once I have this information, I'll review it and draft a request for our supervisor's approval. Please note that all refund requests require human supervisor approval before being finalized.

I'll get back to you within the next 24-48 hours with an update on the status of your request. If approved, we'll credit the refund back to your original payment method within 7-10 business days.

Please let me know if there's anything else I can assist you with in the meantime.
